

Kawai 50" upright, Ebony finish. Model DS-60; Year: 1988; Serial #: 1819137

The piano was completely refurbished as follows:

- * The piano was first disassembled.
- * The interior of the piano was cleaned and vacuumed.
- * The hammers were then sanded to adjust their shape and hardness (or replaced with new hammers if required).
- * The action parts were inspected and repaired or replaced as needed.
- * The metal parts (including hitch pins, tuning pins, strings and pedals) were cleaned and restored.
- * Each and every key was then cleaned and sanded for a whiter tone, then carefully weighted and straightened for balance.
- * Scratches, dents and scuffs were all removed.
- * The piano was tuned.
- * Finally, the case was buffed and polished-making it look brand new!
